PROFESSIONAL EXPERIENCE

SOCIAL MARKETING COMPANY (SMC) | Senior Officer – ICT Infrastructure

December 2024 – Present

- Provide day-to-day IT support to approximately 51–150 end users, resolving hardware, software, and connectivity issues.
- Troubleshoot Windows workstations, desktops, laptops, printers, and Microsoft 365/Outlook issues to support daily operations.
- Support LAN/Wi-Fi and MikroTik connectivity, CCTV surveillance systems, and biometric attendance devices.
- Maintain IT asset records and manage technical support requests through helpdesk and ticketing workflows.

AAMRA NETWORKS LTD. | Executive

January 2023 – November 2024

Client-site assignment: Arla Foods Bangladesh Ltd. | IT Support Specialist | January – July 2023

- Provided on-site end-user IT support for approximately 100 users, covering desktops, laptops, Windows, printers, scanners and office applications.
- Supported Microsoft 365/Outlook, MikroTik routers, switches, LAN/Wi-Fi and network setup activities.
- Handled and resolved service requests using an e-ticketing system; supported IT assets and server/Active Directory-related tasks.
- Participated in network installation and infrastructure setup for client-site operations.

NOMAN GROUP | IT Engineer

July 2020 – December 2022

- Provided day-to-day IT technical support to approximately 50–100 end users, troubleshooting desktops, laptops, Windows OS, printers, scanners, and business applications.
- Configured MikroTik network equipment and supported LAN/Wi-Fi, cabling and office infrastructure deployment.
- Installed and maintained CCTV cameras, DVR/NVR and biometric attendance devices.
- Supported IT asset tracking, procurement/vendor coordination, technical reporting and MIS/payroll software troubleshooting.

SELECTED PROJECT CONTRIBUTIONS

- Network setup and office IT infrastructure deployment: router/switch configuration, LAN cabling and workstation rollout.
- CCTV surveillance installation and maintenance: cameras and DVR/NVR systems.
- IT service delivery: ticket resolution, end-user troubleshooting and workplace software deployment.
